Windermere Services Nevada Quarterly Meeting Recap

Posted on March 26, 2009

Windermere Services Nevada Quarterly Event

Windermere Services Nevada held their first Quarterly Event for the year on March 24, 2009 at Bear's Best Golf Club located in Summerlin. Over one hundred Windermere owners, agents, and sponsors were in attendance. Robyn Yates, V.P. of Marketing and Sales opened the event themed "Embracing Change", introducing Walt Coffey and his International Team, who gave a presentation on their project Novo Cancun in Mexico.

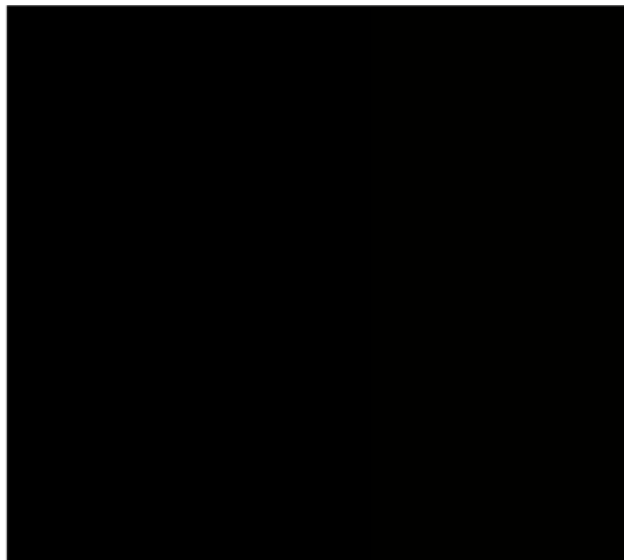

Premier Directors Chana Anderson and Christine McNaught presented the Premier Properties Program and how to get more exposure for properties listed at \$750,000 or more. They also explained the newly formed Premier Mastermind Network and invited more agents to join. To apply as a Premier Member, [Click here!](#) Currently there is no charge to join.

Robyn introduced Windermere Owners, Steve & Di Redman, Windermere Anthem Hills, Heidi & Peter Kasama, Windermere Summerlin, Mike & Janice Davis, Windermere Southland, St. George.

The Windermere Services Leadership Team, Robyn Yates, Dennis Yates, Jeff Brick, Veronica Richards and Deb Shields worked very hard to bring the message of "Embracing Change", as our market today has changed from years past and how to overcome and work through the challenges we face today.

Jeff Brick & Veronica Richards lead the audience in activities surrounding change and concluded with their first edition of "Windermere Hits the Streets" video! The Leadership Team went to the strip and proposed the questions to the public "How do you want to receive communication and what technology do you engage?" This fun video entertained the agents, as well as brought the message home...that technology is here and it's big. The public is using cell phones and texting more than using the internet.

Jeff Brick gave a presentation on Windermere's newest technology tool, "Mobile Agent". With mobile agent, buyers will be able to drive the neighborhoods and pull up any listing, complete with photos and view the property in detail. As an agent you will be notified as to which listings your buyer viewed. To sign up for this fabulous service and the most up to date cutting edge technology, [click here!](#)

Jeff also discussed Windermere's Platinum website, With our website, agents will have a custom CMA in
