## About Lighthouse Home Inspection LLC

Serving Kitsap and Pierce counties, Scott DeSchryver brings his electrical and construction experience together with his knowledge as a professional firefighter to Lighthouse Home Inspection, L.L.C.

By adding his technical education at a Better School of Building Inspection in Salt Lake City, his knowledge, skills and experience work together to deliver a superior home inspection.

Dedicated to honest and impartial inspections, Scott works for the home buyer, not the realtor. His mission is to educate his clients about the home they are considering, from major problems to preventative maintenance issues.

Scott's attention to detail, accurate reporting and personal explanation of his findings help eliminate the stress of the home buying process.

Let Scott help make your home buying experience less stressful, and give you peace of mind that your new investment is a sound one.

**Schedule an inspection now,  
or contact us for more information  
about our home inspection services.**
